

PTTEP

PTTEP MYANMAR ASSET

Energy Partner of Choice

Mr. Suppakarn Thanatit
General Manager

Myanmar holds the distinction of being PTTEP's first international venture in Southeast Asia. Building upon over 36 years of experience and leveraging our expertise gained in the Gulf of Thailand, PTTEP has effectively advanced its exploration and production activities within Myanmar.

Currently, PTTEP is actively engaged in three projects in Myanmar, each presenting unique operational complexities that are addressed daily by our multinational and highly skilled workforce.

PTTEP operates with a strong commitment to the principles of good governance and proactive stakeholder engagement. As a long-term investor and partner in Myanmar, we are proud to contribute to the nation's sustainable development.

We remain committed to fostering continued collaboration with the local government, businesses, and communities to support Myanmar's progress, while prioritizing initiatives that enhance social well-being and long-term sustainability in the years ahead.

Vision

Energy Partner of Choice through Competitive Performance and Innovation for Long-term Value Creation.

Mission

PTTEP operates globally to provide a reliable energy supply and sustainable value to all stakeholders.

PTTEP Myanmar Asset CSR Programs

Myanmar Earthquake Relief Support

Food Support to Temporary Displaced People

PTTEP Myanmar Asset is committed to operating in a socially responsible manner. Since late 2008, we have initiated and implemented a variety of Corporate Social Responsibility Programs (CSR) focusing on Basic Needs, Education, Environment and Culture across the Company's operational areas. Thousands of Myanmar people benefit directly from our continuing CSR programs each year.

Public Infrastructure & Utility Support

Driven by our focus on competitive performance and innovation, we aim to create long-term value for all stakeholders while fostering a sustainable future. We remain dedicated to improving lives and supporting Myanmar's aspirations for a better future through our continued collaboration with local government, businesses, and communities.
